SUMMARY

Motivated and enthusiastic Computer Engineering graduate with strong knowledge of Java, Spring Boot, SQL, and web technologies. Passionate about building scalable full-stack applications and solving real-world problems through software development. Experienced in developing academic and personal projects including smart event management systems, AI-powered applications, and e-commerce platforms. Quick learner with excellent problem-solving skills and a strong foundation in Data Structures, Object-Oriented Programming, Database Management Systems, and REST API development. Looking for an opportunity as a Java Full Stack Developer where I can contribute while continuously learning new technologies.

TECHNICAL SKILLS

- **Languages:** Java, JavaScript, SQL.
- **Backend:** Spring Boot, Spring MVC, REST APIs, JPA, JDBC, Hibernate, JSON, Maven.
- **Frontend:** HTML5, CSS3, Responsive UI Development, Component-based Architecture, Responsive Web Design
- **Testing:** Unit Testing, Integration Testing
- **Tools & DevOps:** Git, CI/CD, Debugging, Docker, GitHub, IntelliJ IDEA, MySQL Workbench
- **Databases:** MongoDB, MySQL, PostgreSQL
- **Methodologies:** Agile/Scrum, SDLC, Object Oriented Programming, Data Structures & Algorithms, DBMS.

INTERNSHIP

NetLeap Training & IT Solutions

Nashik, MH, India

Web Development Intern

11/2024 – 01/2025

- Learned Java, Spring Boot, SQL, HTML, CSS, and JavaScript through hands-on development.
- Developed responsive web pages and implemented backend features using Spring Boot.
- Worked with REST APIs and MySQL database integration.
- Improved debugging, version control, and software development practices using Git.

Zensar & RPG Foundation

Nashik, MH, India

Employability Skill Development Program

02/2025 – 04/2025

- Completed an industry-oriented training program focused on communication, problem-solving, teamwork, interview preparation, and workplace professionalism.
- Strengthened employability and corporate readiness through practical learning sessions and skill development activities.

PROJECTS

KumbhConnect – Smart Kumbh Management System

- Tech Stack: **Java, Spring Boot, MySQL, Thymeleaf, Bootstrap, JavaScript, Google Maps API**
- Developed a full-stack web application for **Nashik Kumbh Mela** to provide smart navigation, event management, emergency assistance, and nearby attraction information for pilgrims.
- Designed and implemented **secure user authentication, an admin dashboard, REST APIs, Google Maps integration**, and a MySQL database for efficient data management.
- Built features such as **real-time event updates, SOS emergency services, location-based navigation**, and responsive user interfaces using Bootstrap and JavaScript.
- Followed **MVC architecture** and best development practices to build a scalable, user-friendly, and responsive application capable of handling large public events.

SneakX – Full-Stack E-Commerce Platform

- Tech Stack: **React.js, Spring Boot, MySQL, Bootstrap, REST APIs**
- Developed a modern full-stack e-commerce platform for **online sneaker shopping** with a responsive and interactive user interface using **React.js**.
- Implemented **secure user authentication, product catalog management, advanced search, filtering, shopping cart, wishlist**, and **order management** functionalities.
- Designed RESTful APIs using Spring Boot and integrated MySQL for efficient product, user, and order data management with complete **CRUD operations**.
- Built an admin dashboard for product and inventory management while ensuring responsive design, optimized performance, and seamless user experience across devices.

ACHIEVEMENTS

GOLD – Gathering of Outstanding Leaders in Various Domains (March 2025)

- Certificate of Appreciation

1st Place, Reverse Coding Competition

Awarded by RAIT ACM Student Chapter for securing 1st Place in the Reverse Coding Competition, demonstrating exceptional programming, debugging, logical reasoning, and problem-solving skills in a competitive coding environment.

- **Certificate of Appreciation**

Recognized as a volunteer for successfully contributing to **GENAITHON 2K25** and **WEBATHON 2024**, demonstrating leadership, teamwork, and event coordination.

Appreciated for technical innovation and analytical excellence during ProjectMine 2K25.

EDUCATION

Matoshri College of Engineering and Research Centre, Nashik

B.E • CGPA: 7.76/10

Computer Engineering

10/2022 – 06/2026

Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Artificial Intelligence, Machine Learning.
